JIAXING E-XON POWER TECHNOLOGY CO.,LTD.

E-XON---- Clean energy power system supplier and servicer

GREEN POWER,  
QUALITY LIFE

## About us

**Jiaxing E-XON Power Technology Co., Ltd.** (previous name Shanghai E-XON Power System Co.,Ltd.) is the top automotive gas system R&D, manufacture. Since established on 2000, we focus on providing the best automotive gas power system, solution and professional service.

In 2015, with business developing and expanding company recombine and integrated to 3 core business:

1. **Solution of gasoline engine converted to CNG/LPG**
2. **Clean energy genset**
3. **Gas engine**

**Mission:** Green Power, Quality Life

**Vision:** Become a world leader in Autogas

**Value:** Innovation, Persistence, Responsibility, Comprehension

E-XON products are designed and manufactured in accordance with the high quality standards assured by the Quality system certification ISO/TS16949 and comply with current regulations (R67-01, R110 and ISO 15500) and EMC norms. E-XON has strong technology advantages on gas system development and complete range of systems special for OEM project. Since 2002, E-XON Gas has offered the gas systems and solutions to passenger vehicle OEM such as: Shanghai Volkswagen, SMA, KIA, Chery, Changan, Foton, JAC tec. And to business vehicle such as: Dongfeng Nanchong Automobile, HI-Tech Engine, Wuxi Xilian Diesel Engine, Dongfeng Chaoyang Diesel etc.

E-XON Power R&D team includes more than 40 technicians with degree of bachelor, master and doctor major on automobile industry. By the end of 2015, almost 500,000 gas vehicles equipped with E-XON systems have been running on road. E-XON now becomes most popular brand with biggest market share in China, also established branches and cooperated with partners in more than 30 countries.

Now, with benefits from R&D team, liberal and innovative company cultures, we devote ourselves to the leader as clean power system and service supplier!
